Buster's Breakfast Brings in Big Bucks for the Carleton Place Hospital

The Carleton Place & District Memorial Hospital (CPDMH) Foundation is thrilled to announce that a breakfast hosted by Buster's Bar and Grill has raised \$1765.67. The breakfast was held on Monday, May 9 and the funds raised will be used to help with the purchase of new equipment for the Hospital's operating room.

"We wanted to do something on the Hospital's behalf for a while and thought organizing this breakfast would be something that fits in with what we do," stated Julie Rowden, co-owner of

Busters Bar and Grill. "In some way we all have to use the hospital, whether it's for ourselves or our family members, and we thought it was important for Buster's to become involved with helping the hospital acquire the equipment it needs to care for the community."

The event organized by Buster's invited diners to have a free breakfast with a donation to the CPDMH Foundation. The servers working with Buster's decided to lend their support

to the event and volunteered their time during the breakfast. The servers also decided to donate the tips they received during the breakfast to the Hospital.

"This was a really great event and I would like to thank Busters for organizing the breakfast on our behalf" stated Esther Houle, Chief Nursing Officer of CPDMH. "We would also like to thank the servers who donated their time and of course, the members of the community who came out in support of Buster's efforts."

"We had an awesome turn out and we are really thrilled with what we have been able to accomplish on the Hospital's behalf," continued Ms. Rowden. "We would like to thank everyone who came out to support this fundraiser and we are hoping to make this an annual event organized on the Hospital's behalf."

During the summer months, Buster's will be supporting a local weekly classic cruise night held in the Rona Parking lot every Wednesday night from 6:30 pm to dusk. The cruise night is hosted by Jeff Shoots and each week there will be a 50/50 draw with the proceeds being donated to the CPDMH Foundation.
