

13th Annual Tree Lighting

Thanks to the tremendous support from the residents of Carleton Place and the surrounding communities, the Carleton Place & District Memorial Hospital (CPDMH) Foundation is thrilled to announce that the 13th Annual Tree Lighting Ceremony was an overwhelming success and has received gifts totaling \$44,705.00. These funds will be used to help purchase a new video tower and camera heads for the Hospital's colonoscopy program.

"Once again I am amazed by the generosity of this community and on behalf of everyone associated with the Hospital and Foundation, I want to express our sincere thanks for supporting our Tree Lighting", said Chantelle Troy, Manager/Community Relations Officer of the CPDMH Foundation. "This event holds a very special meaning to me and I am thrilled to see that it has grown from last year. I can't thank everyone enough for their continued kindness to our organization."

"We know that a colonoscopy can be an unpleasant experience however we believe that continued investment in the program is very important to the overall health of our community," stated Esther Houle, CNO and Outpatient Manager. "The equipment we recently bought for the colonoscopy program will allow us to better treat and diagnosis our patients and we really appreciate the community's help in making this purchase possible."

The Foundation would like to thank Ashton Tree Service for putting up the lights; the Mississippi Mudds for providing entertainment during the Tree Lighting Ceremony; Santa and Mrs. Claus for finding time in their busy schedules to attend our ceremony; and the Hospital's Maintenance team for their help with the lights and the ceremony; and Food Services for providing the hot chocolate.

Finally, and most importantly, the Board of Directors of the CPDMH Foundation, and all associated with the Hospital, would like to thank the individuals listed below for their kindness and generosity. You have made a difference!
