

## **Are you 70 Plus?**

**Has it been 6 months  
since your second dose?  
If yes, you are eligible for  
a third dose of the  
COVID-19 vaccine**

*Two doses of the vaccine provides very good protection against developing COVID-19 symptoms and needing hospitalization if you are exposed to the COVID-19 virus.*

- A third dose six months after the second vaccine can boost the protection against COVID-19 now and in the future. To find out when you are eligible, visit <https://healthunit.org/covid-19-vaccine/>.
- Check with friends, family & neighbours who are eligible and help them get their booster dose.

### **How to book:**

- Online - visit [www.healthunit.org](http://www.healthunit.org)
- Call 1-844-369-1234
- Visit a local pharmacy or health care provider
